AUTOMATED COMMUNICATION FOR OB GYN SPECIALISTS OF TULSA

In the interest of serving you, our office is utilizing the Relatient and Patient Results Network to provide you Appointment confirmations, Pap smear and laboratory results. These are automated systems. Laboratory results are available 24 hours a day, 7 days a week. Appointment confirmation will begin up to 5 days prior to your scheduled appointment. You may opt out of these services at any time.

Patient Results Network

Your confidential results are available using the PRN card provided to you at the time of your visit. Your secure identification code will be your **full** social security number. Your results will remain available to you for 2 weeks after they are recorded. Once you have dialed the toll free number on the card you were provided, the system will walk you through how to access your results.

In the event you have waited the estimated time to access your results and they are not available, please call our office at (918) 712-8700. We hope these systems will save you time and make it easier for you to confirm your appointment, and access your test results.
